Knowledge, Application of knowledge
Maximum Marks available: 25 marks

Some assumptions have been made that are beneficial but they are fairly general and with limited links to the literatures mentioned.

Criticality
Maximum Marks available: 25 marks

A beneficial list of risks mentioned, but without an in-depth critical assessment of how it relates to the solutions stated.

Application of Knowledge and Understanding Maximum Marks available: 25 marks

Several of the solutions seemed disjointed although a solid list of technical and business risks had been identified.

Structure & presentation
Maximum Marks available: 25 marks

The references and the structure were good, with a few spelling and grammar problems. It was well presented.
