

**Feedback – Mid Module Assignment, Presentation – Principles of Digital Forensics and Cyber Law – Michael Geiger**

Dear student,

I hope you are well.

Thank you for your submission.

Please remember that there is blind marking procedure in this University, so kindly avoid any identification info in your text, file names etc.

This is your feedback, do not hesitate to contact me, should you need extra info.

I. Knowledge and understanding of the topic/ issues under consideration: You show understanding of the topic and you seem to have carried out extensive research on the facts of the German case. However more theoretical elaboration was needed-18

II. Presentation and communication skills: You did very good job here.-30

III. Criticality: Try to elaborate more here. Ask questions, bring forth gaps, show where you stand as a scholar on the issue.-5

IV. Structure and Presentation: No problems here- 10

V. Use of relevant sources: You should have more sources of academic nature-5

Grade Moderated in preparation for the Exam Board.
